CORONATION
80

Tonight as we look around and see our many friends and acquaintances from in and out of town here to honour us it is difficult to express our feelings. The familiar faces bring back so many memories of our shared good times. We hope that you will join with us and enjoy yourselves on this our last night.

To our court, there is little to say that has not already been said, this has truly been a year like no other. The work, co-operation and support we have recieved from you during our reign has been truly remarkable, we both believe that no other monarchs have ever been given quite this type of support. We only hope that the fifth court will recieve the kind of support that will enable them to continue our court's growth and expansion. There is as yet a lot of work to be done, the job has been started but it is far from finished.

To the various gay clubs and organizations in the city, our love and best wishes and a sincere request that you will support the fifth court in the same way you have supported us. It is only by this sort of co-operation that, we, the Edmonton gay community will be able to assume our rightful place in society.

With love to you all

To Emperor IV Michael and Empress IV Rayette:

Tonight we are graced with your presense on this sad but happy occasion. During the past year we have seen many of our hopes and goals for the betterment of the Edmonton gay community accomplished. Michael and Rayette. it has been both fun and pleasure to have worked with you this past year.

Our monarchs have had a rocky road to follow this year but they have come through with flying colours. Tonight as we watch them step down it is indeed with mixed emotions, we only hope to have them around for many years to come. Their assistance to the new Emperor and Empress will be invaluable.

Our last words shall be a promise to give our undivided assistance to the new monarchs.

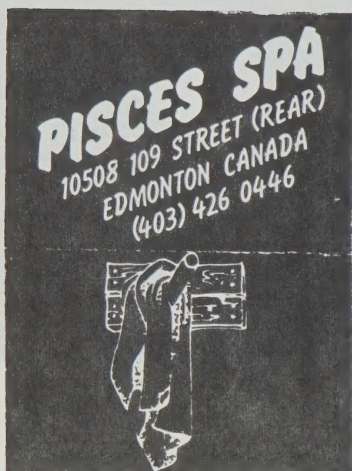

Best of luck and our love to Michael and Rayette and good luck to Emperor and Empress V.

THE JOHN DE SMIT MEMORIAL AWARD

The citizen of the year award is presented annually to a person who has contributed freely to making the City of Edmonton a better place to live and work for the gay community. This contribution - although not necessarily publicly acclaimed - is one which helps to make the social scene in Edmonton more pleasant for all of us. Edmonton, after all, is a rapidly growing city and the gay community is expanding as quickly. We have never had a better relationship with businesses and jobs; we're gaining better recognition for what we are capable of doing rather than for with whom we sleep.

This is reflected in the way we can all socialize freely and at ease. This is what John De Smit was all about. He loved having a good time with everyone, and hid nothing from no one. He loved showing the unaware that gay people are worth knowing and caring about. He was cared for by many, many people from all walks of life and his death was a tremendous loss to all those who had known him. If you did not know him - then you have missed meeting a very wonderful man. This is why the John De Smit Memorial Award is so very dear to a lot of people; this is why a very special person receives it each year.

Hopefully, everyone will make an effort to get to know this person better for, like John De Smit, he is one person well worth knowing.
